Program Overview

The King's Ranch and Hannah Homes have been home to thousands of youth, moms and children seeking refuge, hope and help from abuse, neglect, abandonment, homelessness and other extreme circumstances.

Today, this program operates 18 Christ-centered homes located in three different

counties.

Along with the opportunity for spiritual development, we teach the necessary skills and provide tangible services to help our residents heal from their devastating pasts, break the cycle of abuse, build healthy relationships and become independent productive members of society.
